Fax: 1-888-914-2202

Quick Reference Guide

Behavioral Health – Prior Authorization is required for inpatient, Partial Hospitalization, Intensive Outpatient Treatment, Psychological Testing, and ECT, where these are state approved levels of care. Prior authorization is not required for behavioral health outpatient services.

Laboratory Services – Our preferred outpatient lab vendors are LabCorp and Quest. An in-network lab must be utilized for all lab services.

Notification of Pregnancy (NOP) – Providers must submit an NOP Form at the time of the first prenatal visit. Forms can be completed online on our website at Ambetter.pshpgeorgia.com.

Out-of-Network Providers – Ambetter members should be directed to in-network providers unless otherwise authorized by Ambetter from Peach State Health Plan.

Pain Management – Prior Authorization (PA) is required for injections related to pain management treatment. Documentation required for initial PA includes history of condition, symptoms, treatments attempted prior to injection, imaging reports. PA requests for additional injections require notes documenting progress since previous injections.

Vision – Must use OptiCare network providers which can be found on our website using Find A Provider.

Reminder: All services are required to be provided by in network providers.

Annual Assessments and Correct Coding

Conduct: Comprehensive patient assessments each year

Include:

- Assessment of all chronic conditions annually (Diabetes, CHF, COPD)
- Co-existing acute conditions
- Active status conditions (amputations, dialysis, HIV)
- Pertinent past conditions (Old MI and other underlying medical problems)
- Medications that may indicate other conditions

Document: The reason for the visit, the care rendered and the conclusion and diagnoses

Submit: All diagnoses on your Ambetter from Peach State Health Plan claims

Healthcare Effectiveness Data and Information Set (HEDIS)

HEDIS is a set of standardized performance measures developed by the National Committee for Quality Assurance (NCQA) which allows comparison across health plans. HEDIS gives purchasers and consumers the ability to distinguish between health plans based on comparative quality instead of simply cost differences. If you have questions regarding HEDIS, please call Ambetter from Peach State Health Plan at 1-877-687-1180.

Purchasers of health care may use the aggregated HEDIS rates to evaluate the effectiveness of a health insurance company's ability to demonstrate the **clinical management of its members**. Physician specific scores are being used as evidence of preventive care from primary care office practices.
